

EMSP 2120 - Capstone Integration of Professional Paramedic (3 Credits)

Course Description

Capstone Integration of Professional Paramedic is designed to prepare students to take the NREMT exam and enter the workforce. Operations and summative education will be completed. Specialty training and certifications will be incorporated as review and culminating instruction. A capstone project will be a central portion of the course providing evidence of students' ability to research and integrate evidence-based practice as a professional paramedic.

Course Objectives

- Explain the specific operational measures for particular emergencies.
 - Demonstrate high level incorporation of program objectives in executing emergency medical scenarios.
 - Pass specialty certification courses, summative final cognitive exam, and summative final psychomotor exam with 80% or above.
 - Complete the NREMT cognitive exam.
 - Complete NREMT style psychomotor scenarios with passing scores.
 - Execute evidence-based practice research with minimal assistance.
 - Educate peers, faculty, community, and future paramedics on EMS specific content.
