

TEPH 1015 – Phlebotomy (3 Credits)

Course Description

In Phlebotomy, students learn about the past and present of phlebotomy practices, infection control, equipment, safety, the circulatory system, medical terminology, anatomy and physiology, preanalytical consideration, venipuncture, straight venipuncture, butterfly venipuncture, special collections, patient identification, and other relevant skills. Students also learn advanced phlebotomy procedures ensuring adequate knowledge and skills in their field. Students hone communication and phlebotomy skills, while practicing real-life scenarios in a controlled environment. Students explore phlebotomy jobs and prepare for employment by demonstrating learned skills.

Course Objectives

- Identify laboratory, OSHA, hazardous material, blood borne pathogen exposures, warning symbols, infection control, and patient safety rules.
- Identify and use laboratory equipment and computer systems.
- Demonstrate use of basic terminology for the healthcare setting, understand and utilize correct order of draw, and explain the basics of human anatomy and physiology related to venipuncture.
- Draw blood correctly and safely from a patient by properly using equipment and supplies necessary while identifying and adjusting for any challenges associated with the venipuncture.
- Obtain knowledge of advanced venipuncture procedures and identify when they are to be used.
- Correctly and safely perform blood draws from a patient by properly using any equipment and supplies necessary while identifying and adjusting for any challenges associated with the venipuncture.
- Demonstrate communication skills appropriate for the phlebotomy industry.
- Discuss the employment requirements and career opportunities within the phlebotomy industry.

Course Outline

- Introduction, Infection Control, and Safety
- Anatomy and Physiology
- Phlebotomy Equipment & Technique
- Patient Reactions, Complication, Capillary & Blood Collections
- Non Blood Collection, Sample Preparation and Handling
- Customer Service, Compliance, and Competency

Textbook & Reading Materials

MindTap® Medical Assisting, 2 terms (12 months) Instant Access for Hoeltke's The Complete Textbook of Phlebotomy (ISBN: 9781337284295)

Assignments & Assessments

Orientation

Orientation Acknowledgement

NAACILS Competencies

Chapter 1 Introduction

Ch. 1: Exercise 1 Matching/Identification

Ch. 1: Exercise 2 Areas of Nursing and Type of Care

Ch. 1: Exercise 3 Abbreviations and Certifications of Laboratory Staff

Ch. 1: Exercise 4 Abbreviations and Certifications of Regulatory Agencies

Chapter 1 Worksheet

Chapter 1 Review Questions

Chapter 01-Introduction to Phlebotomy

NAACILS Competencies

Chapter 2 Introduction

Ch. 2: Exercise 1 Fill in the Blanks: Chain of Infection

Ch. 2: Exercise 2 Fill in the Blanks: Transmission of Infection

Skill - Hand Washing for Medical Asepsis, Gloves and PPE Videos

Skill Reflection 1 - Hand Washing for Medical Asepsis

Skill Reflection 1 - Remove Nonsterile Gloves

Skill Reflection 1 - Personal Protective Equipment (PPE)

Skill Reflection 2 - Hand Washing for Medical Asepsis

Skill Reflection 2 - Remove Nonsterile Gloves

Skill Reflection 2 - Personal Protective Equipment (PPE)

Skill Reflection 3 - Hand Washing for Medical Asepsis

Skill Reflection 3 - Remove Nonsterile Gloves

Skill Reflection 3 - Personal Protective Equipment (PPE)

Hand Washing for Medical Asepsis Skill Pass-off

Remove Nonsterile Gloves Skill Pass-off

Personal Protective Equipment (PPE) Skill Pass-off

Ch. 2: Fill in the Blanks: Medical Asepsis Handwashing Procedure Competency

Assessment (Procedure 2-1)

Ch. 2: Exercise 4 Fill in the Blanks: Removing Contaminated

Gloves Procedure

Competency Assessment (Procedure 2-2)

Ch. 2: Exercise 6 Labeling

Ch. 2: Exercise 7 Ordering/Blood Collection in an Isolation Room (Procedure 2-4)

Policies

Course Grading

Students must have a minimum of 80% on each module to pass off the module and all modules must be passed off before students are allowed to sign up for the next class. Each assignment is awarded points according to how well the submission follows the assignment's requirements. Written submissions are graded according to the college writing guidelines. Some assignments may be submitted more than once. If that is the case, the assignment will clearly state this. At the end of each module, students are asked to submit a Module Checkpoint Meeting showing that they have completed all module requirements.

High School Power School Grades: Quarter student grades will be determined by student progress percentage. Faculty will use the higher percentage of either 1) quarter progress, or 2) cumulative progress for the current training plan year.

Grade Scale: The following grading scale will be used to determine a letter grade.

A : 94 - 100%	A- : 90 - 93%	B+ : 87 - 89%	B : 83 - 86%
B- : 80 - 82%	C+ : 77 - 79%	C : 73 - 76%	C- : 70 - 72%
D+ : 67 - 69%	D : 63 - 66%	D- : 60 - 62%	F : 0 - 59%

Course Policies

Students must adhere to the Program Safety, Work Ethic, and Dress Code as outlined in the Phlebotomy Policies & Orientation. Attendance is important to your success in the Phlebotomy program. You are responsible for the schedule that you set at the beginning of your course and to sign in at the clock-in station at the beginning of your first hour and sign out after your last hour. You are allotted one 15-minute break during each 3-hour block of time, breaks should not be taken within the first or last 30 minutes of your schedule. Problems with signing in must be reported to an instructor as soon as possible. You must maintain 80% attendance in the program. Failure to meet the required attendance standard will result in academic corrective action being taken. If you are going to be absent, communication with the instructor is required to set up time to make up the time missed. This makeup time will be scheduled at the convenience of the instructors and the availability of the classroom and clinic. If you do not have a schedule for ten (10) consecutive days, you will be withdrawn from Southwest Tech. Students are expected to complete coursework according to the scheduled amount of hours designated for the course. All students in the program must stay on task and maintain a minimum 67% progress to retain financial aid eligibility. Failure to meet these requirements shall result in the student completing an Academic Intervention Plan with the Phlebotomy program leadership team and possibly academic warning, probation, and withdrawal from the program if not brought up by the end of each quarter. Cell phones should be on silent and are not allowed in the clinic area. Be courteous to your classmates and take phone calls out in the hall. Excessive cell phone use can hinder progress.

Additional Information

InformaCast Statement: Southwest Tech uses InformaCast to ensure the safety and well-being of our students. In times of emergency, such as weather closures and delays, this app allows us to promptly deliver notifications directly to your mobile devices. To stay informed and receive real-time updates, we encourage all students to sign up for notifications. Your safety is our priority, and staying connected ensures a swift response to any unforeseen circumstances. More information and directions for signing up are available at: <https://stech.edu/emergency-notifications/>

Internet Acceptable Use Policy: The student is expected to review and follow the Southwest Technical College Internet Safety Policy at: <https://stech.edu/students/policies/>

Student Code of Conduct Policy: The student is expected to review and follow the Southwest Technical College Student Code of Conduct Policy at: <https://stech.edu/students/policies/>

Accommodations: Students with medical, psychological, learning, or other disabilities desiring accommodations or services under ADA, must contact the Student Services Office. Student Services determines eligibility for and authorizes the provision of these accommodations and services. Students must voluntarily disclose that they have a disability, request an accommodation, and provide documentation of their disability. Students with disabilities may apply for accommodations, based on an eligible disability, through the Student Services office located at 757 W. 800 S., Cedar City, UT 84720, and by phone at (435) 586-2899. No diagnostic services are currently available through Southwest Technical College.

Safety and Building Maintenance: The College has developed and follows a variety of plans to ensure the safe and effective operation of its facilities and programs. The following plans are available online: 1) Facilities Operations and Maintenance Plan; 2) Technical Infrastructure Plan; and 3) Health and Safety Plan.

Withdrawals and Refunds: Please refer to the Southwest Technical College Refund Policy at: <https://stech.edu/students/policies/>

Any high school or adult student, who declares a technical training objective is eligible for admission at Southwest Technical College (Southwest Tech). Program-specific admissions requirements may exist and will be listed on the Southwest Tech website. A high school diploma or equivalent is not required for admission but is mandatory for students seeking Title IV Federal Financial Aid.

Non-Discriminatory Policy: Southwest Technical College affirms its commitment to promote the goals of fairness and equity in all aspects of the educational enterprise, and bases its policies on the idea of global human dignity.

Southwest Tech is committed to a policy of nondiscrimination. No otherwise qualified person may be excluded from participation in or be subjected to discrimination in any course, program or activity because of race, age, color, religion, sex, pregnancy, national origin or disability. Southwest Technical College does not discriminate on the basis of sex in the education programs or activities that it operates, as required by Title IX and 34 CFR part 106. The requirement not to discriminate in education programs or activities extends to admission and employment. Inquiries about Title IX and its regulations to STECH may be referred to the Title IX Coordinator, to the Department of Education, and/or to the Office for Civil rights.

If you believe you have experienced discrimination or harassment on our campus, please contact the Title IX Coordinator, Cory Estes: cestes@stech.edu, (435) 865-3938.

For special accommodations, please contact the ADA Coordinator, Cyndie Tracy: ctracy@stech.edu, (435) 865-3944.
